**\* NOTES REGARDING PHOTOGRAPHY SERVICES & BILLING**

- All photography projects require a **minimum** of 1 hour for preparation and image processing time **in addition** to the image capture time.
- The \$98/hourly rate for photography services covers only the time spent taking photographs. It does **not** include time required for consultation, file processing or file delivery which are billed separately (\$98/hour). These additional charges apply to all photography projects. Basic 30-minute event shoots completed during business hours which require no travel start at \$147.
- Because each job is unique, please feel free to [request an estimate](#) when submitting the details of your project.
